

## EasySiteWizard 5.0™

### Creating a website couldn't be easier

---

So you've decided to get your business online and all you need now is your website. Maybe you'll put an "under construction" page up "temporarily" while you look into site designers...maybe buy some software, take an html-programming course, or hire the geeky kid down the street...

Face it! You could be months away from your goal...and do you really have the time to change your focus from your business to site designer?

With Audiora's EasySiteWizard 5.0 you don't have to! EasySiteWizard 5.0, provide you with the ability to:

- 1. Create a dynamic website without HTML knowledge;**
- 2. Have your website up and running in just minutes;**
- 3. Access over 300 industry related templates to choose from for your website design;**
- 4. Access over 10,000 web-ready images, in addition to the templates;**
- 5. Add EasyStoreMaker, a FREE\* e-commerce store, to your website at the click of a button and start selling online.**

### ***Getting your business on the World Wide Web couldn't be easier!***

#### **Introduction to EasySiteWizard 5.0**

EasySiteWizard 5.0 is a powerful yet amazingly intuitive website authoring program that can help any business get online faster with a high quality, compelling website.
